The RiNo BID’s resources are dedicated to projects and programming in four key areas—advocacy, placemaking, marketing & branding and support for RiNo’s artists, creatives, & local businesses. The RiNo Denver GID was established to fund infrastructure improvements and maintenance on the west side of RiNo, including the enhancements to Brighton Blvd and its long-term maintenance.

**FIRST FRIDAYS IN RINO**
On the First Friday of every month, many RiNo locations open their doors with events ranging from art openings to live music. Standard hours are 6–9pm, but many locations are open during the day and later into the night. Check our First Friday page to see who’s open and what’s on! [rinoartdistrict.org/visit/first-fridays]

**VISITING RINO GALLERIES**
RiNo member gallery locations are shown on the map in this magazine (p.5) and on the RiNo Art District website. The majority of galleries are open by appointment, during RiNo First Fridays and for special events such as the opening of a new exhibition. Studio buildings such as Studios on Blake and Walnut Workshop often have open studios during First Fridays.

To find current exhibit information and learn when new shows are opening, visit the RiNo Art District website. Subscribe to the RiNo Crow monthly newsletter and visit the events calendars.

Headquarters Gallery

FEATURED GALLERY

Headquarters is a working gallery that represents urban-contemporary artists with a focus on street culture and lifestyle. Located in the heart of the RiNo Art District, the gallery provides a number of services to both established and emerging artists. Being at the center of where CRUSH WALLS took root, Headquarters’ location provides a unique experience for both the artists and viewers. Artists not only have the chance to showcase and display work, but a chance to engage in the community.

MURAL TOURS: Headquarters Gallery and RiNo Art District launched official CRUSH mural tours in 2019. The new gallery, from CRUSH Founder Robin Runo, also provides demonstrations, workshops, installations, event curation and consultations.

CURATION: The RiNo Art District now offers a curation program that allows business owners, developers, home owners, building owners, etc. to have their space curated with local Denver artist’s work, whether it be a permanent or rotating installation. Fine art or mural work, the RiNo Art District can further create opportunities for local artists to display their art in spaces that want to display local talent.

CRUSH is an annual celebration of art, transforming the streets and alleys of RiNo into permanent, open-air galleries. CRUSH celebrates art, urban beautification, creativity, and culture by enriching our community through an arts festival like no other. We believe that public art leads to an improved community as a catalyst for safety, cleanliness, creativity, and conversation. Centered around empowering artists, CRUSH is committed to reflecting and diversifying the urban landscape and the unique voice of a community, bringing art out of the galleries and into the streets.

CRUSH began its journey in RiNo 10 years ago and has certainly left its imprint on the community. RiNo [River North] Art District defines itself as a community “Where Art is Made” and CRUSH embodies this mantra celebrating the craft of graffiti and street artists who bring life to walls while maintaining the unique cultural identity in this rapidly evolving community.

Instead of using walls to divide, CRUSH uses walls to unite! CRUSH brings Art to Everyone

CRUSH raises awareness of the cultural significance and importance of art for all ages and all demographics that may not have the opportunity to experience it otherwise. CRUSH offers art inspiration through this urban craft. The organization serves as a forum for community engagement and creative expression, inviting locals and visitors to engage in this rich history and forward-thinking public art in Denver, Colorado. Join the experience during the annual event in September or visit the CRUSH Walls year round in the RiNo Art District.

For its second year, Side Stories transformed the RiNo Art District into a captivating feast for the senses from March 1 to March 9 along Brighton Boulevard. Eight artists were selected from 70+ submissions to project their digital art onto the sides of eight different structures. From the side of Great Divide’s Taproom to the silos of Ardent Mills, each piece of artwork told a unique story from the artist’s perspective. The event brings visitors to businesses during the slower winter months. Side Stories returns to RiNo in 2020 from February 28—March 6.

2019 ARTISTS:

Ella Vance - Golden Afternoon
Daniel Fickle - Red Light
Lares Feliciano - Full Color Colorado (top photo)
Brian Fouhy - Goodnight Denver
Brendan Young - Hands (celebrate sign language) (bottom photo)
Studio Hippo - Life’s Constant: Change
Kendra Fleischman - Triticum Dream
Chris Sessions Photography - La Familia Charra (middle photo)

FIND in RiNo:
Film & Video

RiNo businesses specializing in film & video include:
FUTURISTIC FILMS (p.21 #128)—created video for RiNo Annual Meeting in 2017
HAVEYPRO CINEMA (p.22 #138)
Z CHANNEL FILMS (p.21 #130)
RiNo Art District, in collaboration with the City of Denver, is leading the design and delivery of RiNo ArtPark Community Hub, a new center of creativity, learning, and entrepreneurship located in the heart of the new RiNo Park. The center will be comprised of two existing buildings, locally known as the Police and Interstate Buildings, in reference to their former uses.

The Police Building will accommodate over 13,000 sq ft for use by three community-focused partners: a branch of Denver Public Library (bottom left), artists’ studios run by Redline Gallery (top left), and a restaurant and ‘Comal-style’ food incubator by Focus Points Family Resource Center (middle left).

The Denver Public Library will be a library like no other. While traditional media will continue to play a key role, it will feature a number of open plan and enclosed maker’s spaces for creative workshops, gatherings, and seminars.

Redline’s space will feature eight highly subsidized artist’s studios and a pocket gallery. Resident artists will be on hand to participate in workshops and seminars taking place within the Denver Public Library.

The restaurant and commissary kitchen run by Focus Points Family Resource Centre will complement their hugely successful Comal social enterprise, delivering delicious food to local customers while providing skills in culinary arts as a platform for economic development to immigrants and refugees—who originate from countries such as Mexico, El Salvador, Syria, Iraq and Ethiopia.

The second building, the 2,400 sq ft Interstate Building will be converted to a publicly accessible performing arts venue.

RiNo is committed to ensuring that this dynamic combination of learning, visual and performing art, and culinary entrepreneurship is accessible to all, particularly the historic neighborhoods of Globeville, Elyria Swansea, Five Points and Cole.

To support this exciting project, please visit rinoartpark.org for further information on how to donate.

HOURS: Most Specialty Shops & Salons have regular weekly opening hours. Check with individual locations for specific hours and to schedule appointments.
SK Provisions is helmed by acclaimed Denver Chef and Restaurateur Sean Kelly. The two antique rotisserie ovens provide a selection of slow roasted meats like the sumptuous chicken and roast porchetta. Both are served with a variety of roasted vegetables and greens. Also included on the menu are burgers, street tacos or sandwiches made with the rotisserie meats (depending on the day). SK Provisions also serves a selection of prepared salads, soups and sides to fill out your meal. The full menu can be enjoyed at The Denver Central Market, or meals can be packed up to serve to family and friends at home.

For the last three years, SK Provisions has donated 10% of its Monday revenue to RiNo Art District. So far, those contributions have added up to more than $18,000 to support programs and initiatives for artists.
