A Message from the RiNo Art District:

Art is the spark. The generator of big ideas and visionary thinking. The very thing that can both challenge us and push us all to be better, bolder. For us, it is also the common denominator. When you start with art, the results are bound to be different.

In this moment, we recognize that art has helped us all keep moving forward, in a similar direction. It has shaped our conversations about people and about place. It has challenged us to do more, fight harder, and push further.

Nearly three years into delivering bold initiatives via our consolidated RiNo Art District model, supported by the RiNo Business Improvement District and RiNo Denver General Improvement District, we have made progress in pushing for a new dynamic in how great cities and great places are made. We have pushed for bolder visions, better policies and creative problem solving. We have brought disparate voices to the table in order to hear all sides and craft better solutions.

Thank you for being a part of building a stronger future for the RiNo Art District and the historic neighborhoods - Cole, Five Points, Globeville and Elyria-Swansea - that we are honored to be a part of.

THANK YOU
To the RiNo Community
To our Members
To our BID/GID Ratepayers
To our Board Members
To the City/County of Denver
The RiNo BID contributes a cumulative $2 million to corridor projects. This funding stream, coupled with partnerships and agreements, attracts private investment, the City, and stakeholder contributions to the district. 7 new galleries

In 2018, the 2017 “BUY ART” guide magazine promotes RiNo galleries in the district. Enhances safety and walkability

Preparations for the two-way pedestrian bridge and including the 35th Street conversion of Walnut Street to pedestrian infrastructure. Council, and advocates for their needs. For privacy, serves on their behalf, helping to leverage more than $3,000,000 in additional funding.

RiNo's 2018 guide magazine features the four historic neighborhoods. RiNo is a part of Five Points, Colfax, Globeville, Elyria–Swansea.

After years of negotiations and advocacy, RiNo was awarded control of the historic buildings within the RiNo Park. These buildings will serve as a community hub. Pedestrian safety and visibility for cyclists and pedestrians. Many new features, such as sidewalk improvements, transportation infrastructure, and community spaces.

$40k to RiNo Made artists

RiNo launches kick-off their success. Interior design, RiNo’s business partnerships, and fundraising. RiNo works with the Global Conservation Corps to build a new park, RiNo’s $30 million rejuvenation project was awarded control of two park buildings.

400+ trees planted

Upon a successful crowdfunding campaign, RiNo opens its grand opening. The $30 million rejuvenation project was kicked off significantly by the City with the support of $5 million from the RiNo Source.

After several months of outreach, RiNo’s pop-up gallery of the public, Boxyard Park, houses a dog park, 10,000 square foot dog park, 500 community events, aiding in community development and culturally driven activities.

Sustainability-focused activated spaces, including bike racks, and 80+ on-street parking spaces. Boxyard Park opens to the public.

The RiNo BID contributes funding to pedestrian infrastructure projects. This funding stream, coupled with partnerships and agreements, attracts private investment, the City, and stakeholder contributions to the district.

The inaugural “Side Stories” immersive video event featured digital artwork from 38 Colorado artists. Each artwork was created in RiNo and featured on 77 local and 7 international artists.
